Barcelona, Spain | +34 602 317 364 | yassineyahya50@gmail.com | linkedin.com/in/yassineyahya | github.com/yassine-yahya

## PROFESSIONAL SUMMARY

Cybersecurity-focused professional with a Google Cybersecurity Professional Certificate and hands-on experience with SIEM tools, incident response, threat detection, and vulnerability assessment. Brings 14+ years of leadership, risk management, and regulatory compliance experience from the banking sector, combined with practical labs in network security (Nmap, Wireshark, Metasploit) and automation scripting (Python, Bash). Proven ability to coordinate cross-functional teams, deliver technical training to 60+ learners, and apply a security operations (SOC) mindset to protect systems and data.

## TECHNICAL SKILLS

**Security Tools & Concepts:** SIEM, Wireshark, Nmap, Metasploit, Incident Response, Threat Analysis, Threat Detection, Vulnerability Assessment, Risk Management, Network Security, Security Operations (SOC), OAuth, JWT

**Programming & Scripting:** Python, JavaScript, Bash

**Databases:** SQL, PostgreSQL, MongoDB, NoSQL

**Operating Systems & Tools:** Linux, Git, GitHub, Docker, Agile/Scrum

**Web Development:** HTML5, CSS3, React.js, Next.js, Node.js, Express.js, REST APIs

## PROFESSIONAL EXPERIENCE

**Tech Education Coordinator — MigraCode – Open Cultural Center, Barcelona, Spain**

Feb 2026 – Present

- Coordinate technical training and mentorship for Full-Stack Web Development programs, guiding students on code quality, debugging, and process standards.
- Manage communication and coordination across 30+ volunteers and 50+ students, ensuring consistent delivery and quality control.

**Volunteer IT & Technology Teacher — Fundación Prau, Barcelona, Spain**

2024 – 2025

- Delivered 70+ technology and digital-literacy workshops, including IT fundamentals and introductory programming, building learners' foundational technical awareness.
- Adapted training content for diverse audiences, promoting digital inclusion and safe, responsible technology use.

**Volunteer Full-Stack Development Assistant — MigraCode Barcelona**

July 2024

- Supported students in JavaScript, React, Node.js, and database projects through code reviews and debugging sessions.
- Facilitated collaborative, agile development practices during a Full-Stack Web Development bootcamp.

**Branch Manager — BMCE Bank, Tangier, Morocco**

2008 – 2022

- Ensured compliance with banking regulations and internal controls while managing daily operations of a full-service branch.
- Applied data-driven decision-making and risk management practices to safeguard client portfolios and improve operational efficiency.
- Produced financial reports and business performance analyses supporting regulatory compliance and internal control objectives.

## PROJECTS & LABS

Hands-on projects in web development, automation, data extraction, networking, and cybersecurity — using Python, JavaScript, React.js, Express.js, SQL, Nmap, Paramiko, and BeautifulSoup to automate tasks, analyze data, and assess security configurations.

## CYBERSECURITY CERTIFICATIONS

**Google Cybersecurity Professional Certificate**

2024

Google / Coursera

Topics: Cybersecurity Fundamentals, SIEM Tools, Incident Response, Risk Management, Network Security, Linux, Security Operations (SOC), Threat Detection, Vulnerability Assessment, Security Frameworks

## GENERAL SKILLS & KNOWLEDGE

**IBM Data Science Professional Certificate (In Progress)**

IBM / Coursera

Topics: Python, SQL, Data Analysis, Data Visualization, Machine Learning, Data Wrangling

**Education & Innovation International Training Course**

May 2026

International Training Center, Prague, Czech Republic

Topics: AI Tools for Education, Generative AI, Digital Innovation, Instructional Design

**Full-Stack Web Development Program**

2023 – 2024

MigraCode Barcelona

Topics: HTML5, CSS3, JavaScript, React.js, Node.js, Express.js, REST APIs, PostgreSQL, MongoDB, Git

**IBM IT Fundamentals**

2025

IBM / Coursera

Topics: Computer Hardware, Operating Systems, Networking Fundamentals, Cloud Computing, Cybersecurity Basics (includes foundational cybersecurity and networking concepts)

**Google IT Automation with Python**

2023

Google / Coursera

Topics: Python, Automation Scripts, Bash Scripting, Git, Troubleshooting (scripting skills relevant to security automation)

**Brevet Bancaire – Chargé de Clientèle — BMCE Bank Academy (2016 – 2017):** Financial Analysis, Banking Operations, Risk Management, Compliance

**IT Management Technician — ITG Morocco (2003 – 2005):** System Administration, Networking, Database Management, IT Infrastructure

**Languages:** Arabic (Native) • French (Professional) • Spanish (Professional) • English (Professional) • Catalan (Basic)
